Gitzo introduces innovative and functional carrying solutions!

Functional, innovative, high quality solutions for carrying your tripod and monopod!

Gitzo introduces the two new bags, two holsters and a tripod strap. Carry your equipment the way that makes sense for you!

The Traveler Back Pack GC2240T

The backpack offers a comfortable and original carrying solution, with an innovative design and quality materials. Within the backpack can fit a series 1 traveler tripod in a dedicated compartment 43cm (17 inches) long, a DSLR camera in a stretchable and padded neoprene compartment and other essential accessories in a smart detachable pouch.

External size: 45 x 33.9 x 9.5 cm / 17.7 x 13.3 x 3.74 in

Tripod compartment: 44 x 9.5 cm / 17.3 x 3.74 in

The Traveler Bag GC1200T

The Gitzo Traveler bag is lightweight and allows easy transportation of the tripod in traveling situations such as planes, trains or simply walking around. It's a product characterized by a simple and lean design specifically for the traveler's needs. It is provided with features that are functional to any traveling situation.

External size: 43 x 9.5 x 9.5 cm / 16.9 x 3.74 x 3.74 in

Tripod Strap GC 5210

The Gitzo strap is a clever and "quick-to-use" carrying solution specifically developed to serve most of Gitzo tripods. Ideal for situations in which the timeframe for a snapshot is short and the time for packing and unpacking the tripod is even less.

Tripod Holster GC3320

The tripod holster provides a totally new and revolutionary way of transporting your tripod. It is a smart, comfortable, lightweight and very quick to use carrying solution. The system is intended to be operated with one hand only and to hold your equipment safely in place. A paddle on the back is a high quality and patented system to provide a strong connection to your belt in any conditions of use.

The holster is adjustable and suitable for several sizes of tripods: Traveler, Leveling, Mountaineer, Basalt and Aluminum tripods.

Monopod Holster GC3330

The monopod holster provides a totally new and revolutionary way of transporting your tripod. It is a smart, comfortable, lightweight and very quick to use carrying solution. The system is intended to be operated with one hand only and to hold your equipment safely in place. A paddle on the back is a high quality and patented system to provide a strong connection to your belt in any conditions of use.

The holster is adjustable and suitable for several sizes of monopods.
